KAC, a Powerhouse for Capacity Building
EXPERIENCE WORLDCLASS CIVIL AVIATION TRAINING

KAC
KOREA AIRPORTS CORPORATION

GREETINGS

KAC
KOREA AIRPORTS CORPORATION

I would like to appreciate your continuous attention and support for Civil Aviation Training Center in Korea. The CATC, one of the Korea Airports Corporation branches currently controlling 14 civil airports including 7 international airports, an air route traffic control center and 10 VOR/TACs, was founded from in May 18th, 1984, an agreement between the government of Korea, the International Civil Aviation Organization(ICAO) and the United Nations Development Programme (UNDP). We have been taking the lead in aiming to develop itself under the vision of "Connecting the World, Inspiring the Future". The Civil Aviation Training Center is the only training institution including Aviation Security Training Center in Korea leading the settlement of advanced air traffic culture by specializing in civil aviation technologies and competence for training skills with the goal of fostering and developing the technical ability and role of the safety in domestic and international air transportation in global airspace.

All CATC staff is dedicated to the goal of producing tomorrow's world leaders in air transport and helping CATC achieve global recognition as a leading institution the field of civil aviation education.

We will surely appreciate your continued concern and care.

Thank you.

Euisoo Jung
Executive director
Civil Aviation Training Center in Korea
